

Journal of Advanced Agricultural Technologies

CONTENTS

Volume 5, Number 3, September 2018

Agricultural Production and Management

Grouping Method Using Graph Theory for Agricultural Workers Engaging in Manual Tasks173
Shinji Kawakura and Ryosuke Shibasaki

Factors Affecting the Adoption of Technologies on Goat Production Taught through the FLS-GEM* in the Philippines182
Patricia M. Barcelo, Juvidel Jaye P. Castillo, Rolando B. Hipe, Reynaldo L. Intong, Nathaniel D. Naanep, and Anna Marie P. Alo

Analysis of Climate Risk Level on Soybean Productivity (*Glycine max L.*) Using Cropsyst Model188
Aminah, Abdullah, and Muliaty

Utilization of Rice Husk for Production of Multifunctional Liquid Smoke192
R. Risfaheri, H. Hoerudin, and M. Syakir

Evaluation of Biochemical Factors from Mixed Animal Wastes Feedstock in Biogas Production198
Nanh Lovanh, Graciela M. L. Ruiz-Aguilar, and John Loughrin

Food Science and Engineering

Physicochemical Properties and Thermal Behavior of Binary Blends of *Madhuca longifolia* Seed Fat and Palm Oil as a Lard Substitute202
Noorzianna A. M. Yanty, Sarafhana Dollah, Jalaldeen M. N. Marikkar, Mat S. Miskandar, Mohd N. M. Desa, and Bangun P. Nusantoro

Simultaneous UV-C and Ultrasonic Energy Treatment for Disinfection of Tomatoes and Its Antioxidant Properties209
Okon J. Esua, Nyuk L. Chin, and Yus A. Yusof

Agricultural Economics and Resource Management

Honey Value Addition Initiatives Selection Choices among Smallholder Beekeepers: Case of the Eastern Cape Province, South Africa215
Tina Hans, Amon Taruvinga, and Abyssinia Mushunje

Broiler Partnerships Scheme Advantages toward Minimising Its Production and Marketing Risks at Mojokerto Indonesia222
Hari D. Utami, Bambang A. Nugroho, Umi W. Ningsih, Lilik E. Radiati, and Hary Nugroho

Determinants of Indigenous Fruits Consumption Frequency among Rural Households: Evidence from Mutale Local Municipality, South Africa227
Rudzani Nengovhela, Amon Taruvinga, and Abyssinia Mushunje

Model of Community Behavior in the Management of the Community Forest in Bulukumba Regency, South Sulawesi, Indonesia232
Nuraeni, Rasmeidah Rasyid, Annas Boceng, Mais Ilsan, and Farizah Dhaifina Amran

Botany and Entomology

- Replication and Occlusion Body Formation of *Spodoptera exigua* Multicapsid Nucleopolyhedrovirus in a Homologous Cell Line.....236
Sudawan Chaeychomsri, Win Chaeychomsri, Jindawan Siruntawinetti, Motoko Ikeda, and Michihiro Kobayashi
- The Use of Transferable Breeding Container for Population Enrichment of Pollinator, *Forcipomyia* spp. in the Cocoa Ecosystem.....245
B. Saripah and A. Alias
- Sensitivity Index of Several Drought-Tolerant Maize Genotypes on the Drought Stress252
St. Subaedah, Sudirman Numba, Saida, and Farizah Dhaifina Amran
- Acclimatization of Chrysanthemum Plantlet after Gamma Ray Irradiation.....257
Ari Wijayani, Bambang Supriyanta, and Rina Srilestari
